Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not, alone or in combination, disclose "a first switch part which receives a signal corresponding to a signal of a magnetoelectric element in an applied magnetic field, and which outputs an output signal so that a polarity of the output signal in a first period and a fourth period are each opposite to a polarity of the output signal in a second period and a third period" and "a second switch part connected between one of said output terminal pair and one terminal of said first memory element, and which closes in synchronization to said first period and said third period and opens in synchronization to said second period and said fourth period."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
